Re: Request for Proposal for Statewide Web-based Pre-hospital Patient Care Reporting Application

The Office of Emergency Medical Services is pleased to announce that it has posted a request for proposals (RFP) for a Statewide Web-based pre-hospital information application to upgrade its current Pre-hospital Patient Care Reporting program. The RFP is posted on the Virginia procurement Website eVA (Electronic Virginia). Posting of the RFP on eVA is the official method used to announce the RFP to potential bidders. To view the RFP go to the eVA Website at <http://www.eva.virginia.gov/> click on the quick link titled "Solicitations and Awards (VBO)". The solicitation number is 601:217-09-102 and the project name is the "EMS Registry".

Vendors can also register with eVA by clicking on the "Sign Up" tab. Registering with eVA will be required of the vendor that ultimately wins the contract award. The RFP provides adequate details describing the application(s) that the OEMS is seeking. All inquiries for program specific information should be submitted in writing to: Paul Sharpe, Office of Emergency Medical Services, email – Paul.Sharpe@vdh.virginia.gov. Questions are due by **5:00 p.m. (EST) on January 9, 2009**. Questions received after that date may not be answered. Answer will be given via an addendum posted at the same location as the original RFP. All other inquiries should be directed to, Connie L. Hall, Office of Purchasing and General Services, who may be reached at (804) 864-7539.

Other general information on the EMS Registry project can be found on the OEMS Webpage at <http://www.vdh.virginia.gov/OEMS/Trauma/EMSRegistry.htm>.
